

## BVd Series / HD Videoscopes

### Features:

- High definition 1080p HD megapixel imaging.
- White light LED illuminator.
- Wide-field optical system with extended depth-of-field.
- Tungsten armoured IP67 fluid resistant probe.
- 4-way tip articulation with 130dg deflection in all directions.
- Still image and full-motion video capture and store.

Model	Working Length	Diameter	Lens Field of View	Articulation	Sensor Resolution
EW-BV6C4B150d	2000mm	6mm	77°	130° (4-way)	1920x1080 (FHD)
EW-BV7C4B150d	2000mm	7mm	93°	130° (4-way)	1920x1080 (FHD)
EW-BV8C4B150d	2000mm	8mm	158° (ultra wide-field)	130° (4-way)	1920x1080 (FHD)

### Specifications:

<b>Camera Type:</b>	FHD 1080p colour CMOS sensor
<b>Probe Armour:</b>	High durability tungsten braid
<b>Illumination:</b>	White light w/8 high intensity LEDs
<b>Connector:</b>	Eomax Alpha System press-lock
<b>Environmental:</b>	IP67 submersible
<b>Operating Temperature:</b>	-20C to +50C
<b>Storage Temperature:</b>	-40C to +70C
